

IPT Score Conversion Tables

The IPT score conversion tables provide translations from raw scores (= number correct scores) into a range of standardized scores that may be needed by school administrative systems for reporting: scaled scores, percentiles, and normal curve equivalent (NCE) scores. To find out more about these scores, please refer to the IPT score interpretation page [here](#). Note that the tables are specific to individual grades or narrow grade spans and take care to use the correct table to convert scores.
